Homeland Security Investigations (HSI-001-A)

“He has affected to render the Military independent of and superior to the Civil power.”
-(former) United States Declaration of Independence (1776)

HSI is a predatory organization, which uses secret laws to target individuals based on personal condition, and arbitrary perceptions of deviance; under legal doctrines of *parens patriae*. This includes beliefs, opinions, political activity, income, health, and associations; which may be imputed or actual. HSI disrupts the Command & Control (leadership,) of potential opposition, the study of which is known as cybernetics.

HSI is a social cleansing organization operating under the Continental Policing model used in Europe during the late 19th and early 20th century (Secret Police.)

HSI operates as a Risk Management organization which engages in Area Denial operations, for the purposes of supporting National Security (Manpower,) policies; (Defense Production & Mobilization)

These policies may also be implemented as Urban Growth & Development programs, (which favor multi-national investment groups;) toward the control of natural, and human resources. These topics are related to Crisis, Issues, and Change Management.

HSI is a National Socialist organization in support of International Political Economy policies, (planned economic systems;) and not in favor of free-market capitalism. These policies are strongly associated with Clinton-Giustra era Democrats, and El Partido Centro Democratico of Colombia.

HSI is the enforcement mechanism of a Proslavery regime.

Their methods include tactics of intimidation (known as focused deterrence,) torture, forced disappearances, extra-judicial murder (targeted killings,) sexual assault, and use of chemical weapon incapacitants (such as LSD.)

These tactics, and methods are outlined under Threat Assessment Management (CIM - Escalation,) and Network Centric Warfare (4GW / MATRIX) doctrines. Their operations are data dependent, and data analytics driven, utilizing Decision Support Systems (CRM).¹ HSI also stands for Human Systems Integration.

They are comparable to Britain's MI5, and are a military organization operating under the Department of Defense; authorized by the Patriot Act & Authorization for Use of Military Force of 2001 (re: NSA 1947, peacetime covert operations, NSAM counter-guerrilla forces.) They are currently supported by US Global Change Research budgets and policies.

Their members are selected for their particular psychological profiles, and HSI training programs (FLETC) utilize ideological indoctrination techniques similar to those of cults.

Penetration testing of this Organization, (both domestically and overseas,) has yielded a wealth of information regarding their Sources & Methods.

Although extremely aggressive, the IQ of the average member is average in comparison to the general population. They are not known to have Liberal Arts educations, but learn their profession as a vocation (CHDS).

HSI is vulnerable to professional Special Operations Detachments, (paramilitary organizations) as our activities have demonstrated.

They do not openly identify themselves as LEO's but embed within other organizations (including paramilitary groups, and street gangs,) and prefer to operate under assumed identities. Harassment (ROE) is a favored tactic, often utilizing sexual material, or offenses (NSA). They are not part of, nor accountable to the communities they operate in.

Their activities are prohibited by the Nuremberg conventions of ca. 1945 (US vs. Karl Brandt,) as unlawful belligerence pursuant to International Laws and Norms.

The activities HSI engage in constitute Serious Human Rights Offenses (SHRO) as War Crimes & Crimes Against Humanity. HSI appears to operate in conjunction with the U.S. Department of Justice National Security Division.

These activities were previously conducted by CIA as Political Warfare & Counterinsurgency operations, under program MHCHAOS, by the Office of Security. These activities were investigated by the Church Committee and found to be unlawful. Similar activities were conducted by the U.S. Government as Loyalty Screenings, House Committee on Un-American Activities (HCUA), and under Criminal Syndicalism laws as strike-breaking, anti-labor activities. The U.S. sponsored similar operations outside the U.S. known as the 'Dirty War' in Argentina, 'Transition to Socialism' in Chile, and elsewhere. These activities were supported primarily by Rockefeller (Bush, Dulles, RJ Reynolds) related families in support of their private industries, British & Dutch Crown (Big Oil & Big Tobacco;) whom also were previously heavily involved in the trans-Atlantic slave trade, and US Banking industry.

HSI domestic police activities are not under the Jurisdiction of any Federal or other U.S. ordinary Court. In spite of this HSI officers may potentially be targeted, and in violation of Articles 99 & 100 (respectively,) of the Uniform Code of Military Justice (offenses against the United States and American people.)

HSI also targets American persons who have left the United States in search of asylum, or foreign residency.

This gives us authority to engage HSI, their facilities, support structure, and personnel, using force, as enemies of the U.S. Constitution and American People.

We will not stop until this organization is destroyed in every country in the world it operates in. Every person, organization, agency, or nation which partners with it is a target. We are support of the American Way of Life, and the Freedoms & Rights enshrined in the U.S. Constitution, which HSI operates in defiance of, as an anti-republican, pro monarchist organization.

We will die before we ever live under tyranny.

FANA has evolved out of necessity, for purposes of self-defense, from the former Liberation Collective of Portland Oregon, which had associations with early Social Justice & Human Rights organizations such as the Earth & Animal Liberation Fronts,² former members of the Berkeley Free Speech movement, as well as certain International Organizations, such as the Friends Society.³ FANA was activated as a stay-behind unit in May 2017. We are not in any way associated with political groups such as “Antifa,” the “Black Block,” etc. FANA may have associations, relationships, partnerships, or solicit support and surrogate protection from Foreign Governments, or Non-Governmental Organizations. FANA has been organized by former U.S. Citizens, lawfully residing in the United States, whereas the United States has abandoned it’s protection of certain persons after the events of 11 September 2001, by declaration of War. We are seeking Regime Change in the United States, and restoration of Peacetime Law & Constitutional order in the U.S. We are amenable to partnership with DoD components who hold the U.S. Constitution supreme to any political officeholder, or pretender.

2 “The ELF was classified as the top ‘domestic terror’ threat in the United States by the Federal Bureau of Investigation in February 2001.”

3 “In the 1960s, when the United States became embroiled in fighting against the Viet Cong, the necessity arose for a second ‘Underground Railroad’. Draft resisters applied for registration as conscientious objectors, failed to report for induction when called up or claimed disability on medical grounds. Serving soldiers went AWOL.”
